

## Comark Company Overview

### Comark History

Comark Corporation is a privately held company and was incorporated under the laws of the state of Massachusetts on April 1, 1974 by Charles S. Breen.

Comark moved to its current location in Medfield, MA in 1983. The company operates out of a 30,000 square foot facility where it conducts manufacturing, sales and administration operations.

### Rugged Computer Solutions

Comark manufactures high performance systems designed to operate reliably in environments that compromise most computers. These systems are installed in military, marine, industrial and commercial applications.

### Product History

Comark Corporation has designed unmatched factory performance system solutions for the world's Fortune 1000 companies for over 30 years. We offer a broad range of standard industrial computing products, custom solutions and technical support to ensure the success of each and every application. Over 70,000 Comark systems have been installed and many are still in use today.
