

Comark Company Overview

Comark History

Comark Corporation is privately held and was incorporated under the laws of the state of Massachusetts on April 1, 1974 by Charles S. Breen. Comark moved to its current location in Medfield, MA in 1983. The company operates out of a 30,000 square foot facility where it conducts manufacturing, sales and administration operations.

Rugged Computer Products Designed for Industry

Comark manufactures high performance computer products designed to operate reliably in situations that compromise most computers. Most of these systems are used for marine, industrial and commercial applications.

Product History

Comark Corporation designs unmatched factory performance system solutions to the world's Fortune 1000 companies for over thirty years. We offer a broad range of standard industrial computing products, custom solutions and technical support to ensure the success of each and every application. Over 70,000 Comark systems have been installed and many are still in use today.
